Food Scrap Recycling Guide

Food Scrap Recycling It's Easy!

Here's How To Do It:

1. Residents must first **REGISTER** in the Food Scrap Recycling Pilot Program. Register online at ryeny.gov. If not using your own container, purchase the Food Scrap Recycling Starter Kit for \$20/each (pail/bin/bags). See next page for details.

2. COLLECT your food scraps in the countertop pail. Although not required, you may line your pail with a compostable bag - *please absolutely no plastic bags*. Additional compostable bags are available for purchase online (roll of 25 bags for \$2.00/roll).

3. Most residents will fill the countertop pail with food scraps 3-4 times per week. Once the pail is full, **TRANSFER** contents to the 6-gallon home storage & transportation bin for weekly storage. This larger bin can also be used for transportation of food scraps to the Rye DPW. It is recommended that food storage bins be kept indoors – either in the house or in the garage.

4. BRING your green bin to the Food Scrap Recycling drop-off bins at the Rye Department of Public Works at 141 Oakland Beach Avenue to dispose of your food scraps as often as needed. **All material collected is brought to a commercial composting facility where it is turned into compost.**
